EXECUTIVE SUMMARY

Strategic sales and account leader with 12+ years in dentistry — clinical practice, medical-device, and pharmaceutical sales — and a proven record of winning, retaining, and expanding revenue across individual practices, multi-location groups, and DSOs in the NYC metro market. Runs the full revenue motion: net-new acquisition, multi-stakeholder closing, onboarding and adoption, and net revenue retention and expansion. Converted 300+ practices to digital and AI-enabled workflows, ranks Top 10 of ~70 reps nationally, and built a company from zero. Pairs chair-side clinical credibility and deep dental-industry fluency with CRM discipline, forecasting, and hands-on AI fluency — ready to own a strategic territory or build and lead a revenue function.

Top 10 of ~70 Reps Nationally · ~10% Quarterly Growth · 5x YoY Account Growth · 300+ Practices Onboarded · ~20% Over Target

CORE COMPETENCIES

- Strategic & Enterprise Account Management
- New Business Development & Net-New Acquisition
- DSO & Multi-Location Group Selling
- Net Revenue Retention, Churn Reduction & Expansion
- Onboarding, Activation & Adoption at Scale
- Multi-Stakeholder & C-Suite Closing
- Territory Build-Out / ICP & GTM Definition
- Team Building, Enablement & GTM Leadership
- Dental SaaS, AI & Digital Workflow Integration

PROFESSIONAL EXPERIENCE

Territory Manager & Clinical Sales Consultant 2024 – Present OraPharma (Bausch Health) · Brooklyn & Staten Island

- ▶ Ranked Top 10 of ~70 reps nationally; drove ~10% quarter-over-quarter growth with consistent monthly and quarterly quota overattainment.
- ▶ Run the full revenue cycle across DSO/group and independent accounts — net-new acquisition and multi-stakeholder closing through onboarding, retention, and expansion.
- ▶ Sell consultatively to C-suite, clinical directors, and office managers; map stakeholders, flag at-risk accounts early, and surface intelligence that strengthens corporate-level agreements.
- ▶ Own forecasting, pipeline hygiene, and Salesforce discipline in a regulated medical/pharma environment.

Founder 2025 – Present GetDented (Vinci & Loyola LLC) · New York, NY

- ▶ Built a dental membership platform from zero — defined ICP, GTM, pricing, and the end-to-end customer lifecycle; signed founding-provider LOIs across six practices at near-zero CAC. Direct proof of build-from-scratch ownership: territory creation, GTM definition, and a revenue motion from a blank page.

Clinical Consultant / Digital Adoption Territory Manager 2022 – 2024 Align Technology (Invisalign / iTero) · NYC Metro

- ▶ Built and managed a 300+ practice portfolio; led net-new acquisition, onboarding, and change management converting analog and competitor offices to digital scanning and AI-assisted workflows.
- ▶ Drove 5x YoY production growth in key accounts and overattained quota nearly three consecutive years (~20% above target) through a consumption-style expansion motion.
- ▶ Served as digital-integration advisor across DSOs and PE-backed groups, aligning multi-stakeholder teams (clinical, ops, finance) to accelerate adoption and protect long-term retention.

Registered Dental Hygienist 2014 – 2022 Bococa Dental · Park Slope Dental Arts · Marine Dental · Brooklyn / Staten Island

- ▶ Full-scope periodontal therapy; grew practice revenue ~30% via structured case presentation — the chair-side fluency behind every sale since.
