EXECUTIVE SUMMARY

Dental sales leader and Registered Dental Hygienist with 20+ years in dentistry, starting at 15 with analog hands-on work (pouring stone models and making bleaching trays and night guards), then clinical practice as an RDH since 2014, followed by medical-device, pharmaceutical, and digital-lab sales. Now a Commercial Account Executive II at Dandy, replacing analog impressions and traditional lab workflows with AI-powered digital dentistry that gives practices back chair time and money. Known as a bridge between dental companies and the practices they sell to: how offices buy, who really decides, and where workflows break, from chair time and remakes to staff adoption and payer mix. Converted 300+ practices to digital workflows, ranked Top 10 nationally in commercial sales, and hit 112% of quota in 2025.

Top 10 Nationally in Commercial Sales · 112% of Quota (2025) · ~10% Quarterly Growth · 5× YoY Account Growth · 300+ Practices Onboarded · ~20% Over Quota (Align)

CORE COMPETENCIES

- Full-Cycle Practice & Group Selling
- Dental Workflow & Bottleneck Analysis
- Net-New Acquisition & Territory Build
- Multi-Stakeholder Closing
- Onboarding, Activation & Adoption
- Retention, NRR & Expansion
- DSO & Multi-Location Selling
- Dental SaaS, AI & Digital Integration

PROFESSIONAL EXPERIENCE

Commercial Account Executive II — **2026 – Present**
Dandy · AI Technology & Digital Dentistry · SMB Practices (1–3 Locations), Nationwide

- Run full-cycle sales to independent and small-group practices (1–3 locations), moving crown, bridge, denture, and implant work from impressions and traditional labs onto Dandy's AI-powered digital lab, giving practices back chair time and money.
- Lead discovery that maps each office's case flow, lab spend, remakes, and chair time, then build a business case the doctor and office manager both sign.

Territory Manager & Clinical Sales Consultant — **2024 – 2026**
OraPharma (Bausch Health) · Territory 116 · Brooklyn & Staten Island

- Ranked Top 10 nationally in commercial sales and hit 112% of quota in 2025; drove ~10% quarter-over-quarter growth.
- Ran the full revenue cycle across dental practices and groups, from net-new acquisition through onboarding, retention, and expansion.
- Sold consultatively to C-suite, clinical directors, and office managers; flagged at-risk accounts early and owned forecasting and Salesforce discipline.

Founder — **2025 – Present**
Vinci & Loyola LLC · New York, NY

- Built GetDented, an external dental savings plan (DSP) membership and rewards platform.
- Developing a dental appliance; provisional patent in development.

Clinical Consultant / Digital Adoption Territory Manager — **2022 – 2024**
Align Technology (Invisalign / iTero) · NYC Metro

- Built and managed a 300+ practice portfolio; converted analog and competitor offices to digital scanning and AI-assisted workflows.
- Drove 5× YoY production growth in key accounts and overattained quota nearly three consecutive years (~20% above target).
- Built and edited Invisalign ClinCheck plans for doctors; advised dental practices and groups on digital integration, aligning clinical, ops, and finance teams to speed adoption.

Registered Dental Hygienist — **2014 – 2022**
Bococa Dental · Park Slope Dental Arts · Marine Dental · Brooklyn / Staten Island

- Full-scope periodontal therapy with a focus on airway and myofunctional therapy; grew practice revenue ~30% via structured case presentation, the chairside fluency behind every sale since.
- Provided dental outreach locally and internationally with NYU.
